Education

Lucknow, India | **Institute of Engineering & Technology** | **Nov 2020 – June 2024**

Bachelor of Technology | Information Technology | CGPA: 8.35

Experience

- **System Engineer in TCS** — **Sep 2024 - Present**
  - Implemented secure **user authentication & authorization**, reducing unauthorized access incidents.
  - Worked directly in the production environment, troubleshooting and delivering fixes in real time.
  - Conducted Knowledge Transfer (KT) sessions for new joiners, ensuring smooth onboarding.
  - Tech Used: **Java | SAP BO | SQL | HTML | CSS**
- **SWE intern in EL Nova Labs** — **April 2024 - July 2024**
  - Integrated **Swagger API Gateway**, improving API testing speed by 30%.
  - Designed recursive **hierarchical data structures**, enhancing scalability.
  - Developed efficient **pagination system**, cutting data fetch time by 40%.
  - Tech Used: **Spring Boot | Swagger | MySQL | H2 console | ReactJS**
- **Full Stack Developer intern in NowOrNever** — **July 2023 - Sep 2023**
  - Built REST APIs with **Spring Boot** to manage user progress tracking.
  - Developed full-stack app (React + Spring Boot) enabling mentors to post coding challenges.
  - Implemented **progress tracking + revisit features**, improving user engagement.
  - Tech Used: **ReactJS | Java Spring Boot | MySQL | Tailwind**

Technical Projects

- **Employee-Information** (Github)
  - Developed a full-stack employee management system with CRUD functionality.
  - Built REST APIs using Spring Boot for seamless backend data handling.

  Technologies Used: HTML, CSS, ReactJS, Spring Boot.
- **Life-Matrix** (Github)
  - Developed productivity app based on **Eisenhower Matrix** for task prioritization.
  - Enabled users to add tasks, deadlines, and categories, improving task completion rate.

  Technologies Used: HTML, CSS, ReactJS, VSCode.

Achievements

- **GFG** Weekly Contest: **Top 50** (9th, 22nd, 30th)
- Coding Ninjas Weekly: **Top 100** (51st, 58th, 95th)
- **CodeChef** Starters: **Top 200** (134th, 149th, 187th)
- **Codeforces**: **Rank 498** (Top 7%), **Max Rating 1574** (Specialist)
- CodeChef: **Rank 737** (Top 4%), **Max Rating 1860** (4★)
- **LeetCode**: **Max Rating 2142 (Knight), Ranks 368** (#491), **519** (#488) and **717** (#400).
- **Solved 1000+ DSA** problems across platforms

Skills

- **Languages:** C++, Java, JavaScript, TypeScript.
- **Frontend:** React.js, HTML, CSS, Bootstrap, Tailwind, NextJS.
- **Backend:** Spring Boot, REST APIs
- **Databases & Tools:** MySQL, Git, VS Code.
- **Developer Tools & AI Assistants:** GitHub Copilot, ChatGPT, Gemini
- **Core Concepts:** Data Structures And Algorithms, Object-Oriented, System Design.
- **AI / Generative AI:** Spring AI, Open AI APIs
